## Brazilian Waxing Services & Body Waxing

**Professional body waxing is the fastest solution for removing all unwanted hair.**

It is not uncommon for both men and women to have an excess of hair growth. There are many factors that can contribute to the growth of excess hair. If you have a lot of unwanted hair it may be due to heredity, normal physiological changes, malfunction of the endocrine system, medications, topical influences, and, of course, stress. No matter how or why you have hair problems, waxing is a quick and easy way to remove all hair types.

Body waxing, performed by a certified Body Waxier, is a wonderful experience. First, it is very necessary to use the best wax product on the market. I have found Nufree's 1/2 to be the very best product. I have tried and tried to find a cheaper and quality product, but always end up coming back to the Nufree waxing product. It is so superior to the salon wax that my competition uses and they can buy locally. I have to ship Nufree's 1/2 wax in from out of state but, it is well worth all the costs because of the benefit it provides to you the client. An experienced waxier applies the wax in a certain direction

depending on the area to be waxed and your hair growth patterns.

If you are a first time client I make sure I take my time while gently taking small areas of hair at a time to minimize or reduce any discomfort and after you have had repeated treatments then each time will become easier and easier on you because the hair doesn't have time to attach itself to side walls of the follicle and will release without as much resistance. A highly skilled body waxier knows how to make sure all hair is taken root and all. If you go to someone that is truly not highly trained in this area they just will break the hair at the skin line and it will be like shaving you. Within a week or so you will have the hair back.

I do a lot of Brazilian waxing for men and for women. There is a mix of clients that want Brazilians and want only bikini waxing. I wax a large amount of men's chests, stomachs and their backs as well... Usually it is four to six weeks between treatments. Of course that depends on the your genetic makeup in regards to hair growth, thickness etc. Some people grow heavy hair quickly and others grow hair back slowly. After speaking with you I usually know exactly how long you will be before you need to book your next appointment. To stay looking good and keeping the area clean of hair you need to be on a 4 to 6 week routine.

## **Certified Professional Body Waxing Specialist**

Remove unwanted hair from all areas of your body safely and quickly without the pain previously associated with waxing. If you've seen the movie "40 Year Old Virgin" you may remember the main character having his chest waxed and he screamed in pain. That is how it use to be. Today, waxing is pain-free if you have the right waxing products and a certified trained waxing professional.

## **Pain Free Nufree Registered Waxing Salon**

Nufree is completely uproots the entire bulb and hair shaft. It never dries and never sticks to your skin, so there is none of the pain, stretching or tearing of skin that waxes can cause.

When you use Nufree, you can be free of unwanted hair for weeks. After your second Nufree treatment, you'll never have ugly stubs or nubs again, because Nufree doesn't break hairs the way shavers and waxes do. Nufree is safe for over 98% of the body. Now when you combine Nufree with antimicrobial finipil, the scientifically approved, patent pending lotion, you can be assured that over 99.99% of bacteria is destroyed.

## **How Safe Is Body Waxing?**

### **Waxing is a safe and painless procedure.**

Body waxing performed by a trained professional is a safe and painless procedure. I have had extensive training in waxing techniques and have been a professional body waxer in Tampa Bay since 1982. In 1989 I attended 30 hours of training in waxing specialties, such as the Brazilian bikini wax and other special anatomical waxing techniques and became a Certified Nufree Waxing Specialist at Northern Beauty Supply for perfect waxing. Brazilian waxing, bikini waxing, face waxing, chest waxing, back waxing, leg waxing, under arm waxing and upper lip waxing is a specialized aesthetic procedure and requires a professional waxer to prevent the hair from breaking at the skin surface resulting in numerous problems including ingrown hairs. When you come see me at my exclusive private waxing studio, you will not suffer the pain from waxing in years past and you will leave hair free!
