Professional German Lash And Brow Dye

This is a true permanent color. I have clients sit for 30 minutes having this product develop. I offer dark blue, black, dark gray, and brown. This lasts 2 - 3 months because you are dropping eye lashes regularly. It takes 10 minutes to apply correctly and it is truly beautiful for people with light lashes or brows. You wake up with no dark rings under your eyes, ready for the day ahead. Many clients do this after having permanent eyeliner applied.
